We wish to apologize for any inconveniences caused by this error.

## Apologies

In our Update column we mentioned noted the welcome return of David Swizenberg to the AWA. Well, if David Swizenberg ever was a member or in fact if he even existed he would be welcomed.

The truth is, we wanted to welcome back David Schlossberg and somehow got his name all screwed up. Please accept our apologies David.

We have this space to fill up so I thought that I would remind you all once again about the appearance of Rob Cosman this Saturday. We need to know if you will be there.

Also, our Annual General Meeting is next Tuesday night at the Halifax Home Depot.

See you at both.

Graham
