“AWA's Christmas Toy donation and social evening”

This meeting will take place at **Lee Valley, 7 pm until closing on the 13th December.** Members are encouraged to bring a toy/toys that they have made and once we have finished playing with them, they will be given to the Salvation Army for distribution of needy children. Members are encouraged to bring some nibble food, Lee Valley will provide coffee and soft drinks. Don't worry if you don't have a toy, the hat will be passed.

Please feel free to invite your wife or friend along to come along

Community work

Don Shubaly stands behind a newly framed set of French doors for the set of the production of the Sound of Music play for Prince Andrew High School in Dartmouth. The used doors were purchased by Tom Patterson on Kijiji, the frame was left over materials from David Smith's garage, and the casing was made from new material provided by the school. The frosted appearance of the glass was created by Graham McCulloch by gluing 6 ml plastic to the glass with spray-on adhesive.

Gene, Lew and Sheila, Working for The Salvation Army

Two years ago I was asked to rebuild the stalls in the Men's Room in the Salvation Army Church on Pleasant Street in Dartmouth. I spent some time to get raised panel doors and good structure. The event was so successful that the ladies became jealous of the Men's Room and I was asked to do something similar in the Ladies' Room. Three weeks ago Lew Hatt and I began the task that ended on Wednesday with a complete remake of the stalls. Attached are photos of the AWA work crew consisting of Lew Hatt, Sheila Eddy and Tom Patterson. It took us most of the day but it was a job well done. Now the Men are jealous because the Ladies' is better than theirs.

When traveling we like to look for interesting signs that give a bit of a chuckle. This is one we saw while in the UK this past summer
